Dear Parents and Carers

RE: Novel Coronavirus (COVID-19) Update – 24/03/2020

I last wrote to you on Friday 20th March 2020, where I informed you we had been forced to close the school in response to updated government guidance. Between then and now, this pandemic has and will affect all of us in many different ways. Staff at Chepstow School have been working with the cluster to support the community, in particular vulnerable families, parents in receipt of free school meals and children, where both parents are Key Workers.

The staff at the school continue to offer teaching resources and delivery, and we hope that your children are accessing these resources appropriately. At this time it is very important to balance the wellbeing of you, your family and your children. This must come first. It is really important that you get the correct balance of exercise, enjoying the sun, work and rest. At this time, the most important thing is to spend time with your family.

We will continue to keep in touch with you and as always, you can contact us via Microsoft Teams or via: it@chepstow.school for any technical issues.

With best wishes

Matthew Sims
Headteacher
