Dear Parent/Carer,

I hope you and your family are well.

We continue to support you at home in the best way we can with both wellbeing, teaching and learning.

Many of you provided feedback via the parental questionnaire that was sent to you last week, and this has enabled us to improve our current remote learning offer. We thank you for your overwhelmingly positive responses, and we thank those who expressed and shared ways for us to improve.

In the updated guidelines, teachers have added links to valuable sites should you wish to use for further learning during these times.

Following your kind recommendations, we will make the following improvements to our home learning programme. These include;

- Maintaining the correct balance of work, considering your family's wellbeing.
- Improving the consistency of work set and feedback within and across subject delivery.
- Continuing to dis-apply the curriculum during this time, as per Welsh government guidelines.
- Contacting all pupils and families over this time to ensure pupils pastoral/welfare and teaching and learning needs are catered for, with appropriate support.
- Ensuring greater face to face dialogue between pupils and school staff.
- Supporting any individual barriers to home learning.

We will continue to monitor this throughout the school's closure.

If you like to contact a member of staff about work, your child can do this directly via Microsoft Teams. Alternatively, please find below contact details for our Heads of Year;
