Dear Year 6 Pupil,

We hope that you have had a lovely half term break in the sunshine! We have been busy getting the school ready and safe for when we return and get back to normal. We really do miss all of our pupils and we can't wait to get to meet all of you when we are told it is safe to do so.

Since I last wrote to you, your page on the school website is developing nicely. Ms Miller is setting Chepstow Challenges and so far it has been fantastic to see so many of you getting involved. Look out for the challenges, they are lots of fun as well as giving us an insight into your many talents! Remember to check for updates here:

Home Learning

Ms Miller's home learning booklet is ready for you. If you haven't seen it yet, it would be great if you could complete over the next few weeks this so that when we are able to meet you in person, we can chat about the things that you have included.

Your voice

There are probably lots of questions you still have, especially as these times are so uncertain. Why not email your questions to us, include your first name and Primary School and we will print answers on a dedicated part of your transition page? That way, we can be sure that we are addressing things that you are curious about.

Our community

You will remember that we told you about our charitable work to support St David's Hospice to acquire much needed PPE equipment and funds to support them. On Friday 22nd May we hosted our very own music festival called The Endless Summer Festival, a virtual festival where we showcased the talents of our school community for all to see. We were able to raise a whopping £2620! Not to be outdone, the PE Department are now hosting a Virtual Sports Day which is going to be huge fun. If you'd like to take part, simply send us a video of your sporting talents (no longer than 20 seconds and remember to get your parent/carer's permission) or tweet us @PE@chepstow. Check out our website for details.

Remember to keep in touch and look at YOUR page on our website daily for information, videos and much more!

Take care and stay safe...

Warm wishes,

Emma Mellen
Assistant Headteacher
