Dear Parent/Carer

We hope that you are all continuing to be safe and well at this time. Our transition page keeps developing to keep you updated with this fast changing landscape and to ensure that our Year 6 students have information and engagement in our transition period, which of course is very different this year.

We would also like to thank you for the lovely feedback that you are sending us regarding our virtual activities for your children to help them feel involved and supported during this time. The Chepstow Challenges are really taking off and the amazing participation that we are having suggests overwhelmingly that pupils in our new year group are hugely talented as well as lots of fun!

Remember to check for updates here:

Transition Update

During this time, you will be aware that the educational landscape is constantly changing. Daily challenges present themselves when trying to plan for a return to school and our 'new normal'. It is with regret that we have now received guidance from the local authority stating that we will not be able to offer on-site transition activities for our current Year 6 pupils at this time. We have therefore concluded that we will postpone our Transition week until September in line with guidance issued. We are hoping that by this time, your child's experience of transition will be meaningful, preparatory and safe. We are however fully committed to continuing our remote transition programme throughout the rest of this term and over the Summer holidays, with communications from tutors, challenges, updates and home learning activities.

Your voice

There are probably still lots of questions your children may have. Please continue to email us with anything that you and your families are curious about.

Our community

The PE Department are in the midst of hosting our Virtual Sports Day. Again, check out the website to be able to tune in and take a look at all of the sporting opportunities your children will have with us.

Thank you all for your continued support at this time. Please do not hesitate to get in touch if you have any concerns or questions.

Warm wishes,

Emma Mellen
Assistant Headteacher
