

'Healthy Lunch Boxes For Us'

Secondary Schools

Useful information to share with parents/carers to support children bringing lunchboxes into school during Covid-19 and beyond

The Cardiff Healthy Schools Team have put together some useful information to support students / parents / carers to prepare healthy packed lunches. This information is being provided as some schools will temporarily stop providing school meals due to COVID-19 and some families may be new to making packed lunches.

Included:

1. Useful websites and apps
2. Hygiene considerations
3. Leaflets
4. Recipes

1. Useful websites and apps

The whole school community of staff, students and parents/carers may find it useful to look at some recommended websites and useful apps.

Students may like to carry out some research and create a leaflet of information for their school, as a home/school activity.

- **'Change 4 Life'** Healthier Lunchboxes

<https://www.nhs.uk/change4life/recipes/healthier-lunchboxes>

The website has good images of lunch box ideas. It refers to the Eatwell Guide and encourages families to choose a main dish, add some fruit or salad, add a little something else, as well as a drink. There are useful tips for example 'ever green' always add salad to sandwiches, as it counts towards your child's 5 A DAY. 'Swap the fruit bars', 'swap the sweets', 'watch the teeth!'

- **'Change 4 Life'** Food Scanner App

Find out how much sugar, saturated fat, salt and calories are in food and drinks.

Just find a food or drink barcode and scan it to see what's inside. It also identifies healthier snack choices you could make.

Once you have downloaded the app you can use it at home or whilst out shopping for items to be part of a lunch box.

- **British Nutrition Foundation** – Food a Fact of Life

<https://www.foodafactoflife.org.uk/>

Great website with resources on healthy eating in general, the Eatwell Guide and healthy lunchboxes. Includes 'The Amazing Lunchbox' story and resources.

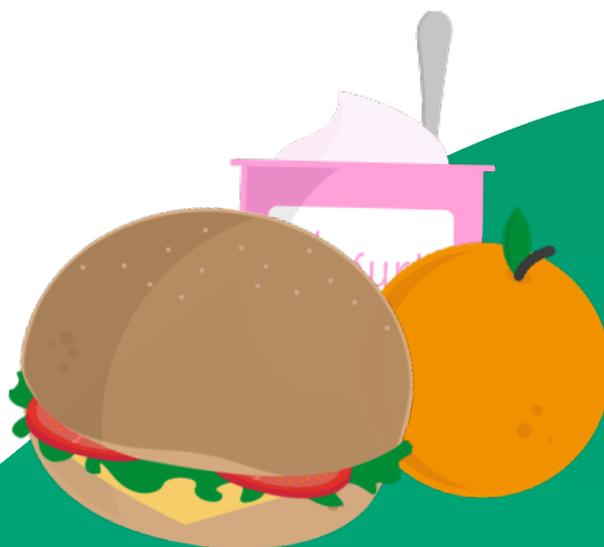

See specific information about healthy lunchboxes here:

2. Hygiene considerations

Top tips for keeping your lunchbox clean and cool:

- Wash your hands before making the packed lunch
- Wash fruit and vegetables
- Clean and dry your lunchbox properly every day
- If sandwiches / food is prepared the previous evening, always store in a fridge overnight
- If possible, use an insulated lunch bag and keep it clean with antibacterial spray
- Use ice packs or a frozen bottle of water to keep food cool
- Don't forget to keep the lunch box cool at school; make sure it is stored in a place that is away from radiators and warm/sunny areas.
- Children must follow the school's guidance for COVID-19 when eating their packed lunch in school e.g. washing hands before eating and not sharing food

3. Leaflets

(Please see attachments for each of the leaflets below)

- **'Change 4 Life' Lunchbox leaflet**

Available as an attachment.

This leaflet is suitable for families with children in Key Stage 3.

- **Welsh Government Healthy Lunchbox leaflet 2019 – web link**
